Seasonal Spectacle Activity

Create a beautiful Autumnal display on your windows.

- Photocopy the leaf shape below onto tracing paper (or greaseproof sheets).
- Go over the outline in a thick felt-tip pen to make it bold.
- Rip or cut small pieces of coloured tissue paper and glue onto the leaf shape, overlapping each one.
- Attach to a window to let the light shine through and enjoy! (Particularly effective if a whole group is arranged together.)
