# Firework Fingers Activity

Make Guy Fawkes night fun with these tasty treats. So easy to do and with the minimum of ingredients needed. Just the thing to 'spark' your imagination!

## Ingredients:

- Chocolate finger biscuits
- Sugar strands
- Greaseproof paper
- Bowl of hot water

## To Make:

1. Dip one end of a finger biscuit into the water and then into the sugar strands until coated.
2. Place on the paper and leave until set.

## Note:

If you have concerns with using hot water, why not use clear honey as an alternative to stick the sugar strands.

Why not serve along with some slices of swiss roll cake— they look just like Catherine Wheels! Star shaped biscuits or chocolates complete the fun scene
