

Activities to Share understand that staff have limited time to get the most from their activity products so we are here to offer practical help and training. We will visit you and bring a specially selected kit of products for you to keep that are suitable for all abilities to use and get enjoyment from. We will show you how to get more use from each activity, thus making it more cost-effective.

We can show you how to save costs by doing more activities in-house with your own staff, which ensures residents' needs are understood, they recognise familiar faces and are more likely to participate.

We have listened to you and the most common areas that are difficult to get people engaged in or to hold yourself are listed below, however, if you would like to have a mix to suit your residents then please talk to us and we will be happy to put a bespoke package together.

For just £149, you will receive a training session lasting approximately two hours along with a kit of products that will cover an area of your choosing:

- ✦ **Active Games**
- ✦ **Getting to Know You**
- ✦ **Reminiscing**
- ✦ **One-to-One**
- ✦ **Sensory & Tactile**
- ✦ **Men in their Sheds**

Ordering is simple either e-mail us:  
[customers@activitiestoshare.co.uk](mailto:customers@activitiestoshare.co.uk)  
or phone us on 01227 362858 Mon-Fri 9am – 4pm.  
You can always just contact Yvette to discuss further.
