

Christmas Tree Party Hats

Using a party hat (or make a cone out of a piece of card)

Mark out where you would like the pipe cleaner tinsel to wrap round the cone.

Using some PVA glue (or glue gun) and your chosen pipe cleaners, glue the lines for the pipe cleaners to stick on the hat. Wrap the pipe cleaners round the hat

Use a glitter pom-pom to top it off. You can also make stars out of pieces of paper to stick on for more decoration or grab yourself some festive stickers.

To make this special, why not hole punch some holes in the cone and place an LED candle underneath and let the candle shine through.

The party tree hat becomes a decoration and a party piece for the festive season.

Alternatively, using a plain piece of card stick a sheet of felt over the top and make a felt tree, decorate using off cuts of felt or other fabric.

Other ideas to make using the party hats (or card cones) include funny snowman faces, Santa, Rudolf and Elf hats.

We hope you all have a very Merry Christmas Time.
